SUMMARY

As a recent graduate in Computer Science and Engineering from BRAC University, I am passionate about web development with solid expertise in HTML, CSS, JavaScript, and React.js. I strive for excellence in creating responsive, user-friendly websites while consistently adapting to new technologies. My ambition is to make a significant contribution to the IT sector as a frontend developer, evolving into a skilled software engineer or analyst.

Work Experience

Full Stack Developer — Kinedao.com

Jan 4, 2026 – May 12, 2026
